Hon. Frederic Block

I am writing this letter in support of Nick Dozortsev. I have known Nick for many years and can testify to the nature of his character. Nick has always been an honorable person, a wonderful father of three and supporter of many charitable venues. I consider Nick to be a valuable member our society and a provider of economic growth through his vast business developments. I can testify to Nicks commitment to his family as I am not only a personal friend but also his life insurance broker. Through our in depth conversations I have learned that Nicks' commitment to his family is undeniable. I believe that Nicks commitment to family, business and community should be considered when evaluating this current situation.

I thank you in advance for time in reviewing my letter and your consideration of the facts when evaluating Nicks' current situation.

Sincerely,

Mark Doiban

Re.: "United States v. Nicky Dozortsev"

Dear Judge Sifton:

My name is Alexandre Grant and I write this letter of support on behalf of defendant Nicky Dozortsev for your consideration. I am a journalist with Russian American media in New York and for two decades I cover the issues of organized crime and social life of our community. I keep the constant contacts with law enforcement agencies on city, state and federal level and recently was awarded by the Kings County District Attorney Office "tireless efforts servicing the needs of the Russian American Community".

I know Nicky Dozortsev's family for many years, and dare say that he was growing up under my observance. This family is a real pride of our community and the example of immigrant's realization of American Dream. Like his parents, Nicky participated in many social and philanthropy events and did his best to demonstrate the commitment to values of our new homeland. He is a respectful son, dedicated husband and caring father.

I do not take the responsibility to judge his guilt or innocence; it is your duty and privilege. But I may and must ask you to consider Nicky Dozortsev's virtues against his possible sins.

Very truly yours,

Dear Judge Sifton:

My name is Steven Kaplan. 15 years ago I started up Russian Radio in the Greater New York Area and I've been hosting the Morning Drive Talk Show ever since. I know thousands of people and hundreds of thousands literally know me. This is not bragging, I am conveying this to you, Your Honor, in order for you to see that my reputation is my asset. This is why I try to make friends with people I would not be ashamed of. The Dozortsev family is one of them. Their family business – Dozortsev & Sons has never said “no” to anybody in the Russian-American community who would turn to them for help. Nicky's Father – Eugene Dozortsev – is an example of paternal support and care. He is persistently doing his best to instill the right moral values in his sons. Nicky is also well known for keeping up the best traditions of his family. Your Honor, please, take into consideration that the Dozortsev family is one of the few “blue chips” of the Russian-American community and their wellbeing is vital to the rest of us.

Thank you very much,

Sincerely

Re: Nick Dozortsev

Dear Sir,

I am writing this letter on behalf of Mr. Nick Dozortsev. I have known his father, Eugene Dozortsev, and his family for over twenty years.

I am the executive director of Bris Avrohom, an organization that provides services, education and support to Jews from the Former Soviet Union. Since 1979, Bris Avrohom has touched the lives of more than 30,000 immigrants and reacquainted a lost generation with its unique Jewish heritage. Through these efforts, Bris Avrohom nurtures and affects the spiritual lives of thousands of individuals throughout New Jersey and beyond.

The Dozortsev family has been involved with our organization for many years and I have found the entire family to be very fine, generous, honest people who are hardworking individuals. Every member of this family will go out of their way to help others. Eugene and his wife have raised their children with high morals and honest values, setting excellent examples of how to be a good person.

I know that Nick Dozortsev is an asset to his family and society. I respectfully request that you to take this into consideration when reviewing his case.

Thank you.

Sincerely,

Rabbi Mordechai Kanelsky  
Executive Director

Honorable Judge Frederic Block:

Honorable Judge, it is almost 15 years that we are working for company Dozortsev and Sons.

For us it was a big surprise and sadness to find out what happen to Mr. Nicky Dozortsev.

In all the years that we work with him, we had a big respect for his business and human nature.

For us Russian-Americans, was very important especially for the first few years in this country to have help and support from this wonderful person, who was always ready with personal help in understanding this country right rules and regulations in becoming law abiding citizens.

Nicky Dozortsev is married with two wonderful children, Gaby who is 15 and Michael who is 12. Both in school and at the age there they need their father more than ever.

He has a son from previous marriage, who just finished college and started a new job and very much need his father to guide him how to become a good person.

We believe, that Nicky Dozortsev learned by his mistake and will continue his work from his heart as an honest and honorable person to help others, like he helped us, also we will watch over him, like he did the first few years over us.

Please your Honor, let him come back to his family and his friends, we need him.

Thank you very much

Dear Judge Block,

My name is Stella Bendersky my boyfriend Vitaly Braver and I have known Nikolai Dozortev for many years (since childhood) and consider him and his family part of our family. Nicky is a wonderful human being. He is kind and considerate to his friends and an anchor for his family. His children adore him and there is nothing Nicky would not do for them, he is a hands on father! He would spend many quality hours with both Gabriella and Michael. He helped Gabriella with school projects and math homework. And attended all of Michael's soccer games (he was always his biggest fan). Both of his children have suffered greatly with Nicky's absence.

His wife Irina has tried to her best ability to keep her family together. She has become a single working mother. Who unfortunately has been unsuccessful in keeping up with all her bills. She is considerably behind in her mortgage payments and might lose their apartment. Nicky was always the glue that kept their family together. Both Irina and their children are lost without Nicky. Irina has lost a great deal of weight and is emotionally as well as physically drained. Nicky and Irina are one of the most solid couples we know. They have a great marriage and a wonderful family. We understand that Nicky has made a great error in judgement and put himself and his family in a terrible position, but we kindly ask that you give Nicky a most lenient sentence as possible. We strongly believe he deserves a second chance. He has never posed any type of threat to society and has only helped the people around him. Both Vitaly and I feel a strong loss in Nicky's absence.

Respectfully, Stella Bendersky
